

gaining those who where you are

Computer Systems News is proud to announce the opening of an editorial office in Cupertino, Calif., in the heart of Silicon Valley. Paul Schindler, Oregon native, MIT graduate and UPI alumnus, is just a phone call away. If something important is happening in your firm, anywhere in the Western U.S., call him. But if you know one of us, call us. Paul won't be jealous.

(516) 829-5880 (Main Office)
(408) 252-6191 (West Coast Bureau)
